

## ABOUT THE EDITING WORK STATIONS

Our photo studio has 2 mac minis with Apple M4 chip with 10-core CPU, 10-core GPU, 16-core Neural Engine. 16GB unified memory. 256GB SSD storage each. These are displayed on a color calibrated DELL Ultra-Sharp U2419h 24-inch IPS Display Monitor.

To switch on, turn on the electrical switches behind, then button below mac mini, then switch behind keyboard (to green), and switch below mouse (to green). To switch off shutdown from from the apple icon from screen, and turn off the monitor (below right button)
